FEATURED PROJECTS

Weather App – built using Google Maps and Open Weather API.

Check it out <http://www.kendrickweatherapp.surge.sh/>

or see the repo on GitHub.

Canvas Game – built using Canvas and JavaScript through Object Oriented Programming. Check it out at

<http://www.kendrickcanvasgame.surge.sh/> or see the repo on GitHub..

Movie App – built using Ajax to access a movie API. It allows you to Search for your favorite movie and pull up the details! This app was created with two other web developers as a part of a pair programming exercise. Check it out at

<http://www.kendrickmovieapp.surge.sh/> or see the repo on GitHub.

Blackjack Game – built using HTML, CSS, and JQuery. This game also contains a betting feature and computer player. Check it out at <http://www.kendrickblackjack.surge.sh/> or see the repo on GitHub.
